Dear Mr. Gallagher:

This letter is to formally and publicly commend Dave Zimmerman for his excellent work overseeing the day to day construction of *The Labor Monument: Philadelphia's Tribute to the American Worker*. Mr. Zimmerman's work exceeded our expectations and he has been a pleasure to work with during the entire installation process.

The Art Association was very impressed with his dedication to the project overall. He was attuned to the various details of the project while also maintaining a high level of workmanship throughout. Mr. Zimmerman expertly coordinated all the aspects of a tough and complicated specialized concrete job despite weather complications and communication issues with the vendor. Mr. Zimmerman has also been very attentive to the needs of the Art Association, Lager Raabe Landscape Architects, the Friends of Elmwood Park, and the community during the installation and was very easy to communicate with on all aspects of the project.

In closing, I would like to again congratulate Dave Zimmerman and the entire crew that worked so hard and diligently to complete *The Labor Monument* by our October 1st dedication date. Without his efforts, this project would not have been possible.

Sincerely,

Susan Myers

Dear Mr. White:

The Fairmount Park Art Association would like to thank you and your employees for the hard work, effort and skill put into completing *The Labor Monument: Philadelphia's Tribute the American Worker*. We really appreciate J.J. White, Incorporated taking on this unusual project and working so cooperatively with us to address the special needs of this highly visable public art project. We also appreciate your consideration of our limited resources as we are a non-profit organization.

Having worked with numerous contractors over the years, we were most impressed with your company and would recommend J.J. White, Incorporated without reservation. Both Steve Cant and Jim Gallagher were very attentive and responsive to the Art Association's concerns regarding quality workmanship and deadline scheduling, and they were very easy to communicate with on all aspects of the project.

Again, thank you for your dedication to the project. Without the cooperative work of J.J. White, Incorporated and your entire team, this project honoring working people could not have been so successfully realized.

Sincerely,

Penny Barkin Bach
