Dear Jim,

As we near the completion of the Northeast Family YMCA expansion, I wanted to take a moment to share with you how supportive and thorough the J.J. White staff has been. Jim Gallagher and Mike Huston were professional, efficient, and worked effectively together ensuring a system of communication that was essential for the successful completion of our project in a timely fashion.

Please accept this endorsement of any future projects with the YMCA of Philadelphia & Vicinity based upon your company's performance at the Northeast Family YMCA.

Sincerely,

Paula Green

Executive Director
