Proof of bond shall be provided from Surety or Sureties satisfactory to Contractor.

ARTICLE XI: Mechanics' Liens and Claims—Waiver of Liens and Releases

If Contractor posts a bond guaranteeing payment for goods, materials and equipment supplied, labor or services provided to the Project by Subcontractors, then Subcontractor agrees to waive its right to file a mechanics' lien and that no mechanics' liens, notices, or claims, or materialman's liens, notices or claims, or any other liens or claims of any kind whatsoever will be filed, enforced or maintained with respect to the goods, materials and equipment supplied, labor or services performed pursuant to this Subcontract against the Project for which they are supplied or performed, or against the owner, real property, building or other improvements of which the Project is a part, or any part or parts thereof or the appurtenances thereto by Subcontractor, its successors and assigns. If the bond posted by Contractor guarantees payment for goods, materials and equipment supplied, labor or services provided to the Project by sub-subcontractors, suppliers, materialman and other entities pursuant to a Contractor with Subcontractor, then Subcontractor shall obtain lien waivers from such sub-subcontractors, suppliers, materialman and any other similarly situated entities, stating that liens may not be filed on the Project and provide written notice of this lien waiver provision to its sub-subcontractors, suppliers, materialman, and all other persons or entities acting by, through or under it or them, prior to and before any labor or services are performed, or goods, materials or equipment are supplied to the Project pursuant to this Subcontract.

If Contractor posts a bond guaranteeing payment for goods, materials and equipment supplied, or labor or services performed by Subcontractor, then, in the event a mechanics' lien, notice or claim, or materialman's lien, notice or claim, or construction lien claim, or lien, or any other lien or claim of any kind whatsoever is filed, enforced or maintained by Subcontractor and/or any of Subcontractor's sub-subcontractors, suppliers, materialman and all other persons or entities acting by, through or under it or them, then Subcontractor shall defend, indemnify and hold Contractor harmless from such liens and/or claims, and shall also cause said mechanics' lien, notice or claim, or materialman's lien, notice, claim, construction lien claim, or other lien of any kind whatsoever, to be discharged in accordance with applicable law. Subcontractor also agrees to pay and reimburse Contractor for all costs, expenses and attorney's fees incurred by Contractor in defending, responding to and/or discharging liens or claims filed by Subcontractor and/or any of Subcontractor's sub-subcontractors, suppliers, materialman and all other persons or entities acting by, through or under it or them whenever a valid lien waiver is in place on a Project.

As a prerequisite to payment, Subcontractor agrees that it will execute, in a form satisfactory to owner, all documents required by Contractor that evidence, ensure and guarantee that the Subcontractor has made payment for all work performed in connection with this Subcontract, including, but not limited to, Releases and Partial Waiver of Liens, in consideration for each and every payment and up to the date covered by the payment, whether partial or final. Said Releases and Partial Waiver of Liens shall include, whenever so requested by Contractor, and in a form acceptable to Contractor, Partial Waiver of Liens and Release of claims, costs, expenses, fees, charges, changes, change orders or change order requests that arise out of or relate to Subcontractor's work performed from all contractors, suppliers, persons and/or entities that have, or will, provide labor, materials, equipment, machinery, fixtures, services or labor under any agreement(s) with Subcontractor for the Subcontractor's work under this

If a Notice of Commencement has been filed with the Pennsylvania Department of General Services, Subcontractor acknowledges receipt of a copy of the Notice of Commencement. Subcontractor is advised that if the Owner has filed a Notice of Commencement, the Subcontractor must file a Notice of Furnishing to preserve its mechanics' liens rights. The Notice of Furnishing must be filed within forty-five (45) days after first performing work or services at the job site or first providing material to the job site. The following notice is provided in accordance with 49 P.S. § 1501.2:

Once the Contractor has given the said forty-eight (48) hours notice, whether or not the Subcontractor corrects its failure or cures its default, it shall not be necessary for the Contractor to issue any subsequent written notices for the same or other failures or defaults in order to effectuate the Contractor's rights under this Article XII.
